ABOUT THE NFCA

THE NATIONAL FASTPITCH COACHES ASSOCIATION IS A NON-PROFIT ORGANIZATION DEDICATED TO HELPING COACHES STRIVE FOR EXCELLENCE.

Established in 1983, the National Fastpitch Coaches Association (NFCA) is the professional growth organization for fastpitch softball coaches from all competitive levels of play - with approximately 5,800 members including coaches, umpires, clubs, businesses and fans of fastpitch softball.

Education, events, awards, and creating change are the pillars of the organization, highlighted by our annual National Convention, regional Coaches Clinics, in-person seminars, All-America teams, Leadoff Classics and summer student-athlete camps. Member coaches are also recognized for their on and off-the field contributions, while their student-athletes are honored for their academic and athletic accolades.

In addition to all of the above, education remains our top priority. Featuring a grassroots Coaching Tools package, the NFCA also disseminates podcasts, webinars, a mentoring program, publications, legal counsel and accurate and credible information surrounding the sport.
